# Information about BMA council

## Information about BMA UK Council

### Council's constitutional position and its activities

The BMA is a trade union and a company limited by guarantee. UK Council is the principal executive committee (PEC) of the trade union.

Council sets the strategic direction of the Association in line with policy decided by the representative body at the annual representative meeting (ARM). Council is responsible for the formulation of policy throughout the year and for ensuring the implementation of that policy.

Council also appoints members to committees and the board of directors. The board of directors is responsible for administering the affairs of the Association, management of the finances, general administration and ensures delivery and implementation of the strategic and operational objectives of the Association.

### Arrangements for meetings of council

The association's 'session' runs from the end of one annual representative meeting (ARM) to the end of the next one, normally June to July. Council normally meets six times during the session. Members of council and those elected to take up office are members of the representative body and this normally meets at the end of June or beginning of July.

Meetings of council are normally held in BMA House in London or virtually and start at 10am. The business is usually concluded by approximately 5pm. Members' receipted travel and subsistence expenses are reimbursed as are receipted locum costs. Members are also eligible for the payment of honoraria after the completion, in any session, of 24 BMA meeting days. The conduct of meetings is governed by standing orders and copies of these are available to candidates on request.

Crèche facilities and prayer rooms or quiet rooms can be provided for members on council meeting days. Further information on the BMA's care guidelines are available on the website.

Details on current council membership and constitution are also on the website.

## Timetable for the election

The timetable for the election is expected to be as follows:

Nominations open	7 October 2024
Nominations close	21 October 2024

## The ballot

The election will be conducted by secret ballot using single transferable vote. Voters will need to return the ballot to Civica as the Independent Scrutineers by post by the close of voting.

Each voter will be invited to vote by ranking the candidates in order of preference.

## The Single Transferable Vote

STV (Single Transferable Vote) is a form of proportional representation where you rank the candidates.

Candidates don't need a majority of votes to be elected, just a known 'quota', or share of the votes, determined by the size of the electorate and the number of positions to be filled.

Each voter gets one vote, which can transfer from their first-preference to their second-preference, so if your preferred candidate has no chance of being elected, or has enough votes already, your vote is transferred to another candidate in accordance with your instructions. STV thus ensures that very few votes are wasted, unlike other systems, especially First Past the Post, where only a small number of votes actually contribute to the result.

Why do we use STV?

STV gives voters more choice than any other system. This in turn puts most power in the hands of the voters.

Fewer votes are 'wasted' (ie cast for losing candidates or unnecessarily

cast for the winner) under STV. This means that most voters can identify a representative that they personally helped to elect. Such a link in turn increases a representative's accountability.

### Other information

The period for voting commences on the date on which the first voting papers in the election are posted. The time and date by which voting papers must be returned to Civica will appear on the voting papers.

In the event of a tie, the result will be decided by the drawing of lots in the presence of the BMA's Group Chief Executive Officer and independent scrutineers for the election.

If, after being declared elected and before taking up office, a candidate dies or withdraws their nomination or is found to be ineligible for election by the Returning Officer, the candidate elected will be the next highest candidate, allowing for any constraints that need to be met.

Candidates in the election will be notified by email, of the results and a detailed breakdown of all results will appear on the BMA's website.

### Term of office

The member elected to the North East and West Midlands regional zone on council in 2024 will take up office upon election and will stand down following the ARM in 2026.

Elected members are eligible for re-election, provided that they continue to qualify for election.

An induction pack will be distributed to the elected member, which will include information on the BMA's decision-making structures, organisation chart and useful contact details.

### Code of conduct

Members of council are bound by a code of conduct available from the BMA's website [bma.org.uk/ukcouncil](http://bma.org.uk/ukcouncil).

## Elections memorandum of understanding

The elections memorandum of understanding applies to all committee members and posts in the BMA. Candidates for election to posts will be asked to declare that they have read the memorandum of understanding when submitting their nominations.

The BMA can only function with the contributions of those members who seek election as representatives. Thank you for making the commitment to help represent your colleagues. In order that elected BMA representatives can work together effectively the following principles are important.

- When you are speaking to or communicating in the broadcast, print or social media as an elected BMA representative, or are identified as such, you must honestly represent the views of the BMA.
- When speaking in a personal capacity you must explicitly ask not to be identified as an elected BMA representative.
- Committee officers must coordinate media engagements with the press office.
- You must declare and update as required conflicts of interest as outlined in the BMA conflicts of interest policy.
- You must uphold the confidentiality of your committee when requested. If in doubt, ask the chair of the committee or committee secretariat.
- As a member of the medical profession and as an elected representative, you must behave in a professional manner at all times and abide by the BMA's code of conduct. Robust debate is sometimes essential in forming policy, but you must always treat patients, colleagues and staff with respect.
- As an elected, appointed member, or representative of the BMA, you are expected to follow the guidelines and policies in place to protect you and the organisation, including, but not limited to: expenses and honoraria; technology and privacy; communication including social media policy; and anti-corruption and bribery.
- All individuals engaged in BMA business eligible for BMA membership must be and continue to be BMA members.
- In standing for election you agree to uphold these principles.
